

# Premium Gourmet Muffin Batter Line

## Reduced Fat, Full Flavour Amazing Muffins!

Our clean label, reduced fat muffin batters are gourmet and unique in their formulations. They are extremely delicious and at the same time cater to people looking for something a little more on the healthier side. We care about what goes into our products. We have always been trans-fat free and we only use aluminum free baking powder. We keep sugars and fats to the minimum we possibly can without negatively effecting flavour or texture.

We offer convenient packaging: two smaller (8 lb) pails to a box, rather than one larger bucket. This allows for keeping one in the freezer and one in the cooler. Eight pound pails fit easily into small places. Smaller pails help to maintain product freshness, reduce waste, and assist with managing stock levels. Each box yields approximately 64x 4oz muffins.

## Three Delicious Flavours to Choose From

**Healthy Choice Flax Muffins®** are an excellent source of fiber, lignans and omega 3 fatty acids. They are loaded with flax seeds, oatmeal, apples, carrots, pineapple, coconut, walnuts, raisins, cranberries and so much more. *GFC2110*

**Superfruit Muffins®** are overloaded with antioxidants. With seven types of fruit keeping them so moist you would never guess this is a reduced fat muffin. Simply delicious. *GFC2134*

**Espresso Chocolate Banana Muffins®**. When you're looking for something a little more on the decadent side like premium Schokinag dark chocolate chips, Fair Trade Organic espresso and fresh bananas. Sounds more like a dessert than a reduced fat muffin. *GFC2127*
